## Asia's best managed companies: Thailand

By [The Editors](#) | 12 June 2008

We publish the results of our annual poll to find Asia 's top companies. Today, Thailand.

For our eighth annual poll of Asia 's top companies we have collected votes from 167 investors and analysts across the region. The results are being published country by country over a two-week period and the final day will also reveal which companies are viewed to be the best managed in the region in eight key sectors.

Here are the results for Thailand.
